

SUPER KART THAILAND

Hello karting friends,

Dear karting guys/everybody concerned,

How was the past race 1...did you have a good time? We, organizers, have been trying more and more to improve and develop a form of race year after years. As for the past race 1, how do you think about it? Do you think we should improve anything? Give us a comment/encouragement so that we get it to improve our work in order to make the race more up to international standard.

It is certain that after match there are both satisfaction and dissatisfaction over a judgment of the officials. But, we have to tell you that the organizers do our best for fairness in order to make each competition a sport. Please understand that we do not take sides. The rules and regulations of Super Kart Thailand series are issued by the organizers of the Super Kart Thailand, and any judgment is according to those rules and regulations. So, the judgment of race judged by our field masters and officers is finalized. Anybody who has a problem or is not satisfied with a judgment can submit a letter of disagreement to the sub-committee of the Royal Automobile Association of Thailand within 14 days after the date of racing. Thus, it should be done under the the RAAT's rules.

The 2nd race will take place on May 4, 2008 instead of May 11, 2008 (as previously informed) at Bira Kart, Pattaya. The line of the track has been shown at the circuit already. And, do not forget to bring a copy of your ID card/Passport/Birth Cert to the registration officer.

A result of the Cadet Class A for the past race will be notified to you all after it has been resulted by the president and the sub-committee of the RAAT. After that we will be presenting prizes of this class on the 2nd racing date on May 4, 2008. We hope that everybody will respect the result of the RAAT's president and sub-committee.
